Milano 2-Car Smashup
Crash Injures 10, Kills 1 In US 79 Crackup

By James Hollas

Jesus de la Torre-Marquez, 54, of San Juan de les Lagos, Mexico died at 7:45 a.m. Wednesday in Newton Memorial Hospital from injuries suffered in a head-on collision neer Milano about 4 a.m. Monady.

Ten others were injured in the accident and taken to Cameron an Rockdale by three ambulances and a private car.

Investigating Highway Patrolman Durwood Kennedy told the Herald this story on the accident.

Hermino Cacho, 34, of Chicago, Ill., apparently fell asleep and his car crossed Milam's US 79. Mrs. Louise Whittington, 34, of Columbus, Ga., attempted to miss the car in her lane by cutting to her left.

Cacho awakened and cut the car back to his right and the two cars hit almost head on, Kennedy said.

INJURY LIST

Taken to Cameron's St. Edward Hospital were: Hermino Cacho, Marco Cacho, 1½; Mrs. Hermino Cacho, 27; Anna Marie Cacho, 8 months and Michael Cacho, 3. All were passengers in the Cacho car.

Marquez was a passenger in the Cacho car and he was taken to Newton Hospital. He died of head and chest injuries.

Taken to Newton's Hospital were Larry Dale Whittington, 15; and Peggy Louise Whittington, 13.

Mrs. Louise Whittington; Mrs. Bertha Ridinger, 48 of Willington, Calif., and William Albert Willington, 42, were all taken to St. Edwards.

William Phil Whittington, 17, was taken to Rockdale's Richards Clinic by a private car.

Hermino Cacho was reported still in serious condition Wednesday. He and Marquez were trapped for about an hour and ten minutes before Kennedy and volunteers were able to pry them out.

Kennedy has filed charges of aggravated assault in County Court against Hermino Cacho.

TRAFFIC STOPPED UP

Kennedy said traffic stacked up for about a mile and a half on each side. He said that the truck drivers were most helpful in getting the men out of the station wagon.

Not injured in the accident was Michael Cacho, 3.

Hospital spokesmen told The Herald they had released Marco Cacho, Ann Marie Cacho, Larry Dale Whittington, and Peggy Louise Whittington.

Kennedy said the Cachos and Marquez were enroute to San Antonio. Marquez was then going to his home in Mexico.

Marek and Burns have the body of Marquez and willl ship it back to Mexico as soon as possible.

The Whittingtons had been to California, and were on their way home.

CAMERON BANKS LEAD MILAM IN 2ND QUARTER

Five Milam County banks, led by Citizens National and First National, of Cameron, reported a whopping 13.2 per cent increase in deposits over a year ago, totaling $25,856,364.66.

Central Texas banks reported better than an 8 per cent increase in deposits, but Cameron and Milam County banks showed deposits increases of $3,346,687.12 since the bank call one year ago.

Citizens National Bank reported a deposit gain of $2,691,128.87 in the second quarter report this week. Total deposits reported were $12,671,600.88 compared to $10,070, 472.01 of a year ago.

First National Bank also reported a major gain in deposits, up $631,939.37 for the second quarter of 1963. Total deposits reported were $5,257,287.15, compared to the 1962 second quarter call of $4,625, 347.78.

Rockdale State Bank was the only bank reporting no gain in deposits with the report showing a decrease of $15,526.38 to $6,022,482.19 total deposits in this quarter compared to the same quarter of 1962 which shows $6,038,008.57.

Buckholts State Bank reported a gain of $86,417.07 in deposits with $794,408.03 compared to $707,990.96 a year ago.

And Thorndale State Bank noted deposit gains of $42,728.19 with a total of $1,110,586.41 compared to total deposits of $1,067,585.22 a year ago.

Total deposits for the five Milam banks a year ago were: $22,509, 677.54.

History, Art Shows To Hold Limelight In Cameron's Fair

Two special exhibits will have particular interest and broaden the scope of the Town & Country Fair July 12-13 in Cameron.

They include the Milam Historical Exhibit and the Art Exhibit.

Directed by Miss Ada Margaret Smith, the Antiquarium Exhibit committee asks that persons having household or business articles of historic interest call her or the office.

All items will be well protected during the two-days of the Fair. Miss Smith requests that all items be collected and deposited with her by July 10 for cataloging and labeling. She will be assisted by Miss Barbara Macon.

Mrs. Lester Williams, heading the Art Exhibit committee, has announce an Art Sale in connection with the exhibit. The sale is expected to be one of the highlights of the Fair and artists are urged to complete paintings and crafts in time to enter them. All paintings must be framed and will be priced by the artist.

A special exhibit section will display paintings, needlework and crafts not for sale. Because of lack of space, the exhibit section will be limited to Cameron residents and exhibitors will be limited to one display. Paintings for this section must also be framed.

Entries for display or sale should be listed with Mrs. Williams or the Chamber of Commerce office by July 10. Further information about this section is available through committee members: Mrs. Jim Wiggs, Mrs. Howard Tucker, Mrs. Bill Burns, Mrs. Alvin Roberts or Mrs. Williams.

Last Rites Held For Mrs. Cammer, Businesswoman Here

Mrs. Jack Cammer, 52, Cameron business woman, died at 1 a.m. Monday at her home.

Funeral services were held 4 p.m. Tuesday at Marek-Burns Funeral Home with Rev. A. F. Russell officiating.

Burial was in Oak Hill Cemetery.

Mrs. Cammer was born June 5, 1911, in Rosebud, but had lived in Cameron for the past 35 years. With her husband she operated the Cammer Tailor Shop.

Survivors are her husband; mother, Mrs. D. M. McBride of Travis; one daughter, Mrs. Sharon Adams of Handsboro, Miss; three brothers, Dick McBride of San Antonio, Ervin McBride of San Francisco, J. B. McBride of Waco; four sisters, Mrs. N. D. Thornton of Temple, Mrs. Hubert Jack of San Antonio, Mrs. R. G. Harris of Ft. Worth, Mrs. Samie Janes, Rosebud; and 2 grandchildren.

Pall bearers were: E. L. Raymond, Gene Goldfarb, Archie Prokisch, Jimmy Wiggs, Thomas Raymond and Vaughn Jenness.

None Injured In Truck - Car Crash

No one was injured in a two car wreck about 11:15 a.m. Wednesday when a car driven by Antonio Romero Jr. of Bossier City, La., hit a truck driven by Clarence Ray Cummings of Cameron.

Durwood Kennedy, DPS patrolman, said William Knight Waltman, of Hearne, was going east toward Gause on US 79 and started to make a left turn. Cummings was behind him.

Romero hit his brakes and the right brake locked and he hit the truck driven by Cummings.

A citation for failing to yeild right of way when turning was issued to Waltman by Kennedy.

Sales Tax Dropped On Subscriptions

Sales tax has been removed from the purchase price of newspaper subscriptions, making The Cameron Herald $3 in Milam trade territory and $4 elsewhere in Texas and the nation.

The removal of the sales tax on subscriptions came July 1 in the major change over of Texas sales tax policies.

Smith To Speak At Liberty Homecoming

Oxsheer Smith will be guest speaker for the Liberty Homecoming Sunday, July 7, at Liberty Community Church.

The business meeting will begin at 10 a.m., Mr. Smith will speak at 11 a.m. and lunch will be served at noon. A spokesman for the homecoming said that everyone is invited to attend and bring a basket lunch.

C OF C DIRECTORS MEETING

The next meeting of the Board of Directors of the Chamber of Commerce will be July 19.

Rockdale Services Held For Auditor, Conn Isaacs, 76

Funeral services were held in Rockdale Saturday morning for Conn Isaacs, 76 who died early Friday morning in a Rockdale Nursing Home.

Isaacs, who had served as Milam County Auditor since 1933, had been ill since October, 1961.

He was born January 25, 1887 in Rockdale, son of the late Leonard and Annie King Isaacs. He was a graduate of the University of Texas and had been employed by the First National Bank of Rockdale and the U. S. Government before accepting the position of county Auditor.

He was a past member of the Board of Stewarts of the First Christian Church, Rockdale, a Deacon and secretary of the Mens Bible Class. He was a member of the Masonic order for more than 50 years.

Survivors are: one son, C. R. Isaacs, of Rockdale, and one half-brother, Leonard B. Isaacs of Ft. Worth.

T&C Fair Tabs Wide Variety

"I remember those Western Weeks and they were fun," said one Cameronite.

"But have you seen the lineup of events for the Town & Country Fair next weekend?" asked another.

"Nope. Didn't know it was going to be such a big deal!"

"It is. There's history and mystery, fun and frolic, apple bitting and other things exciting, missles and muskets, art and crafts, new cars and new tractors and all kinds of business display.....

"There's kids' games and Little River Stew, flag raising and other fun too, ummm-m-m. food contests for the Missus and prizes to the winners, the Light Crust Doughboys in five performances, fiddlers contest and horseshoe throwing, balloons and knicknacks, for old folks and young.....

"There's....."

"Wait a minute, friend. How do I slow you down? I'm impressed. When does all this start?"

"July 12, Friday at 10 a.m.," replied the other. "And it may be so much fun we won't stop when Saturday night rolls around. Are you going to be there?"

"You can count on it."

"Be sure now. May be 10,000 other people with the same idea."

"I'll be there."

FAIR PREVIEW

Grab your hat, get your family in the car and head for Cameron's first Town & Country Fair next week, July 12-13.

Fun? Well I guess! Entertainment? Can't miss! Interest? It's sure to have it for almost everyone in Milam County and vicinity.

While you've got your hat on, hold on to it as we take a preview sprint through the two-day program that will rival Cameron's best Western Week for all kinds of interest and enthusiasm.

Packed into the Friday and Saturday span of events will be:

FOR THE KIDS — Contests, goodies and rides; miniature ferris wheel and other rides, pet show, yo-yo contests, watermelon eating, apple-on-string competition, sack races, announcing the winner of a Shetland pony and cart contest.

FOR MOM AND SISTER--18 divisions in Milam Home Demonstration cooking and pantry food contests; display of contest entries and winners; four "white elephant" auctions.

FOR DAD AND BROTHER--Horseshoe pitching contests, display of autos and farm equipment on the Mall around the Armory, displays of all kinds of wares and equipment in booths.

FOR THE FAMILY--The "Light Crust Doughboys", famous Texas western group in at least four performances; Little River Stew Supper, Milam historical exhibit and Art Exhibit.

How's that for a program?

It should be fun for everyone, the first fair of its kind in recent Cameron history.

Have we forgotten anything? Oh, yes, there will be balloons, whistles, and carnival hats available. And there will be parking behind the Guard Armory where an area has been cleared especially for the event.

The official opening will be held 10 a.m. Friday, July 12 with a flag raising ceremony, to be repeated 10 a.m. Saturday morning.

The Mall will include all kinds of autos and farm equipment, interesting to everyone in one of the biggest new-car years in recent years.

Booths of Cameron concerns will hold merchandise.

And all the while there'll be something going on somewhere in the vicinity of the Fair (Armory) building.

Special bunting goes up across downtown streets this week.

Special circulars are going to be dropped by plane throughout the Milam-wide area of communities heralding the two-day show.

In short, it will be a combination of many events in one. Not the end of the rainbow perhaps, but a good start on one of Cameron's biggest weekends in recent, future or past history.

Grab your hat, Mr. and Mrs. Milam County, for you are most certainly invited. For its your interest and enthusiasm that will make the Town & Country Fair complete.

Lester, 13 Others Installed Officers Of Masonic Lodge

New officers for the San Andres Masonic Lodge have been installed for the year 1963-64 in installation ceremonies last Thursday at Cameron San Andres Lodge.

New Worshipful Master is Walter H. Lester.

Other new officer are:

Senior warden, John B. Henderson, Jr.; junior warden, Drayton McLane, Jr., treasurer, R. A. Swanzy; secretary, Dean White; senior deacon, Richard E. Burke; junior deacon, John Lawhon; chaplain, B. L. Archer; senior steward, William North; junior steward, G. W. Harsha; tiler, Alvin Roberts; installing marshall, Jess Brock; and installing officer, Elliott Crook.

City Plans Drive On Stray Dogs

City Councilmen joined with Chief Elvin Hoskins Tuesday in urging residents to get city licenses and rabies vaccination for their dogs before a stray-dog reduction drive begins next week.

Mayor Coleman Duncum urged Hoskins to enforce existing city ordinances which call for the pick-up of stray dogs and their impoundment for three days and final elimination if not claimed by owners.

City dog ordinances require that all dogs wear two tags, one showing vaccination for rabies and the other a city license renewable each year, Mayor Duncum said.

INTENSIVE DRIVE

Chief Hoskins said an intensive drive will begin next week to reduce the number of stray dogs in Cameron. City officials want to avoid impounding any pets, but won't know a stray from a pet dog unless they are tagged, he said.

In a Tuesday council meeting, Councilmen urged by resolution the campaign to reduce the growing number of stray dogs. Any animals picked up will be impounded for three days time for the owner to pick up his dog, Mayor Duncum said.

In other action, councilmen discussed economic means to reinforce the city dam at Little River, using a "rip-rap" fill of broken concert for fill at the dam.

High water has been weakening one end of the dam, but present low current will allow repair work and clearing of logs from the stream bed, Mayor Duncum said.

The Council also voted to call for bids on a new police car, replacing the current model which has about 76,000 miles on it.

And the Council officially appointed Henry Siebman, of Cameron, as chairman of the Cameron Housing Authority board.

OFFER REJECTED

And the Council voted to turn down an offer of 3.2 acres of land for $4,000 adjacent to the present Oak Hill Cemetery for additional cemetery plots. City fathers also approved the purchase of lettering for the new cemetery entrance.

In departmental reports, Public Works Supt. J. B. Earle noted:

Completion of drainage work on Emancipation between W. 6th and W. 8th Sts., basework continuing on Ninth Street from Fannin to Central Avenue, and other base work on E. Fifth St. and removal of trees from Lamar Ave.

He plans to lay off grave lots on the east-side of Oak Hill Cemetery and continue work on proposed penetration projects.

Water Supt. Alvin Hefft reported connection of one water and one sewer extension and other routine work.

'White Elephant' Auction Invites Your Aid In Fair

One of the unique features of the Town & Country Fair will be a "white elephant" auction scheduled four times during the July 12-13 session.

"Anything goes," says the committee headed by Mrs. E. O. Smith, Jr. "in the Town & Country white elephant auction."

Griffin Burnett, of Cameron, recently graduated from auctioneer training at Texas A&M, will be auctioneer.

Auctions will be held at the Guard Armory twice each day: 11 a.m. and 5 p.m. July 12-13 at the main building.

Between the hours of 10 a. m. to 6 p. m. July 8, 9, and 10, Mrs. Smith said, there will be a pickup of items for the auction.

Persons wishing to sell items through the Auction can call Mrs. Smith, Mrs. Jesse Kirk, Mrs. Gilbert Smith or the Cameron Chamber of Commerce office.

Two categories of items will be auctioned: Donations to the white elephant sale and items to be auctioned for consignment.

LIGHT CRUST DOUGHBOYS — Texas' well-known Western group, the Light Crust Doughboys, will be in the Milam Town & Country Fair July 12-13 at National Guard Armory. From left, they are: Paul Blount, John Strong, Ronnie Dawson, Jim Boyd, Kenneth Cobb and Marvin Montgomery. They will play at appearances 7 p. m. Friday, July 12, and 2:30, 7:30 and 9 p. m. Saturday, July 13, at the Town & Country Fair. It is their first appearance in Cameron in about 10 years.

On Milam's Farms and Ranches

News About Milam Farmers, Their Interests, And Activities

Farm Credit Use Due To Increase

The use of credit by farmers and ranchers will probably continue to increase for several years, says John McHaney, economist with the Texas Agricultural Extension Service.

His prediction is based on trends toward continued consolidation and enlargement of farms, furthur increases in capital investments, and higher prices for farm real estate and many items of production. He points out that farm mortgages recorded during 1962 amounted to $3.5 billion, or 16 percent more than the preceeding year. Also the number of farm mortgages recorded was two percent higher and loans averaged 13 percent larger than in 1961.

New technology and the price-cost squeeze are major factors which have increased the need for more credit, says McHaney. Funds are generally wanted for more land, livestock, or equipment, shifts from crop to livestock production; increased use of fertilizer and for control of insects and weeds; and for the modernization of facilities for efficient agricultural production.

Another reason for increased borrowing may be the reduced farm income and depleted financial reserves caused by inefficient farm operation, says McHaney.

For the next few years the price-cost squeeze, the trend toward larger farms, and the need for greater investment per farm will probably continue to create heavy demands for credit, predicts the economist. In addition, more and more small operators will seek off farm employment to supplement their farm incomes.

However, one bright spot for borrowers is that land values have increased along with the farm debt, resulting in increased aggregate equities for farm operators. The value of farm real estate, which accounts for about two-thirds of farmer's and rancher's total assets, was at a record level in mid-1962 and is expected to continue its climb through 1963, says McHaney.

Rains Boost Cotton, Increase.

By J. D. Moore
Milam County Agent

Good rains in the Thorndale area this week boosted cotton crop prospects and increased boll worm activity.

A community tour there on June 25, showed greatly increased boll worm eggs and tiny worms were hatching in all fields. Farmers are urged to be on the lookout for this condition and apply poison on a schedule until worms are controlled.

It is most important to be able to recognize bollworm eggs and detect their bildup. After worms have gotten a head start, control measures are expensive and uncertain.

BEEF CATTLE SHORT COURSE

The annual Beef Cattle short course at A & M College will be held on July 29, 30, and 31. A good program is planned and stockmen desiring further information may contact the county Extension office.

FIRST AREA MAIZE - Henry Litzman brought the first 1963 maize into Cameron last Friday and saturday. A "better than expected" maize crop harvest will get into full swing within the next two weeks.

FAMILY FARM

The family farm is the dominant producer of food and fiber in the U. S. today. The family farm operator who succeeds today used genetics, land, and water use, conservation, chemistry, and physics and business management ability. He combines a revolution in technology with the ancient art of farming to efficiently produce maeterial for the nation's homes and industry.

COTTON REPORT

TEXAS-OKLAHOMA SUMMARY

Activity in Southwestern Area markets was slow this week, according to the USDA's Agricultural Marketing Service. The volume of purchases was very light and inquiries were only moderate.

Prices continued steady during the week. Middling prices at the close of the market on June 27 were: Dallas 33.50 cents per pound, Galveston 33.85, Houston 33.50 and Lubbock 33.75 all unchanged from a week earlier, except Dallas down .25 points.

AUSTIN: The cotton crop is holding up exceptionally well and is making excellent growth. General rains fell in central Texas, the upper Coastal Bend and the Winter Garden sections. Recent rains may delay the cotton crop in the Coastal Bend section.

Insect buildup has been light. Weevil infestation is expected to increase but control measures are being readied.

Market activity has been dull. Some interest was shown in P. L. 480 and NO-C-22 cotton.

Bollworm Danger AID Participant Visiting County

By John E. Snell
County Agricultural Agent

Fredrick B. Hamilton who is an AID participant from Sierra Leone, a country on the west coast of Africa, arrived in Cameron June 25. He will remain in Milam County until August 21 and during this this period will observe Exension activities and tour commercial poultry establishments.

Hamilton is a private poultry farmer, and is president of the Sierra Leone Pig and Poultry Association. His main interest is to acquire knowledge and skills in poultry production, management and processing, to be able to properly establish and expand the Poultry Industry in Sierra Leone.

Before the independence of Sierra Leone in 1961 most of the poultry and poultry products were imported. The Association over which he is president aims at exploring possibilities of making Sierra Leone self sufficient in the poultry field.

4-H Leadership Laboratory

The Southern District 4-H Leadership Laboratory was held in Huntsville June 12-13.William Earl Davis of Gause was the Milam County 4-H delegate attending the Laboratory held at the State 4-H Center.

PRODUCTION PER MAN

One farm worker in the U. S. today supplies food, fiber and other products for 27 people as compared to only eight in 1920. Crop production is now 70 percent higher per acre, output per breeding animal is 90 percent greater and one hour of farm labor produces more than four times as much it did in the period from 1919-121.

NEMATODE GUILTY

The nematode has new been exposed as the principal agent for destruction of at least two to three billion dollars worth of crops in the U. S. annually. The small worms attack virtually every plant in every climate and injure them by sucking their juices. Soil fumigants are the weapons used against nematodes which parasitize animals as well as plants.

SYSTEMIC INSECTICIDES

Systemic insecticides are materials that, when taken in through the roots or the leaves of plants or given internally to animals, kill pests which attack them. Newest are the animal systemics which will successfully kill cattle grubs or fleas on dogs without harming the animals. Plants are protected for extended periods of time by these chemicals and insects are killed whether they eat a part of the plant or swallow its juices.

For lunch everyone brouvt a sack lunch, tea and ice cream were furnished. During the mid-afternoon break, ice cold melon was served. For the evening meal a Bar-B-Que chicken supper was served.

The evening program was held in the Methodist Fellowship Hall where awards were given to all First, Second and Third place winners in each contest.

After the awards program, Mr. Delbert Davis, Game Warden, presented a very interesting film of a lion hunt in deep southwest Texas.

Mr. and Mrs. Leroy Massengale led the group in square dancing. The boys and girls and us old folks too ,really enjoyed this. We only wish time and energy would have permitted us to dance a little longer.

For the closing ceremonies, the 4-H'ers gave what each "H" stood for as candles were lighted behind a transparent Clover leaf. The group then sang, "He's Got the Whole World In His Hands."

Milam ASCS Report

Any producer wishing to plant wheat for the first time and participate under price support will have to file a "New Grower's Application for Aliotment", according to Alva E. Sanders, office manager of the Milam County Agricultural, Stabilization and Conservation Service. This application must be filled with the county committee before July 1, 1963.

In order to qualify for this new grower's allotment, it will be necessary to meet these conditions:

(1) The operator will receive 50 percent or more of his income from agricultural products.

(2) Neither the operator nor the owner of the new farm owns or operates any other farm for which a 1964 wheat allotment has been or will be established.

(3) The land for which the application if filed is suitable for wheat production.

(4) The operator has readily available facilities for the production of wheat on the farm.

(5) The farm is not eligible for an old farm allotment.

OLIVER WANTS YOU

To Assist Them In Selecting The Best Man For The Oliver Dealer In This Area

OLIVER — one of the oldest and best known names in farm implements today — is going to establish a dealer to sell and service the OLIVER line in this area.

OLIVER manufactures a complete line of high-performance tractors, tillage tools, combines ,corn pickers, hay tools and materials-handling equipment — widely known for their durability and economy.

OLIVER dealers are growing in numbers and in sales volume. There are a number of reasons why. Primary among them is the multitude of services OLIVER offers to help them give maximum service to farmers in their communities, at a profit in proportion to their investment and quality of service. OLIVER believes that business organizations have the right to grow and prosper only to the extent that they serve others. MR. FRED LASHER, Oliver Territory Manager, is now making a survey to determine the boundaries of the local trade area, the most effective advertising media, equipment on farms, sales and service needs and opportunities among farmers in the area, and other vital information to be used in getting the dealer off to a sound, solid start. OLIVER invites your cooperation when and if Mr. Lasher calls on you.

THIS FRANCHISE is available in this community for a man with ability, character, vision and some capital. It constitutes one of the most outstanding business growth opportunities today — a business dedicated to service to the man on whom the Nation depends for food and fiber — THE AMERICAN FARMER!

$75,000 Road Due Construction

The Texas Highway Commission today approved the expenditure of $75,000 for construction of new Farm to Market Road milage in Milam County as part of the 1963 FM Road Program, announced District Engineer C. B. Thames of Bryan, Texas.

The District Engineer said 3 miles in this county will be involved. The work will be under the supervision of Carol D. Zeigler, Resident Engineer, Hearne.

The road designated in Milam County is:

From F.M. Road 486, 1 mile S. of San Gabriel, W. to road intersection near the Williamson County line, a distance of 3.0 miles.

The Farm to Market Program is a yearly roadbuilding undertaking of the Texas Highway Department under which statute specifies that $23 million annually shall be spent for new FM construction. The 1963 program is financed for some $24.1 million, more than a million dollars in excess of the basic statutory requirement.

New farm roads will be built in a total of 172 counties throughout the state, the total mileage being approximately 1,060. Of the new roads added to the highway system by this program, 69 percent are school bus routes and 65 percent are mail routes.

Full Slate Of Games Set In West Cameron

This will be baseball week in West Cameron.

The Little Citizens will play Rockdale Friday at 5 p.m. and then Saturday they will take on the Colt 45's of Giddings. The Ramblers will take on Rosebud at 4:30 p.m.

A crowd of about 75 watched Saturday as Branchville defeated the Little Citizens 3-2. It was the first defeat for the Little Citizens and they just couldn't hold the Branchville team.

But the same night the Ramblers under Oliver Baylock defeated Rosebud 15-1. Big man at the plate was Clyde Candy as he hit 3 for 3. He was also the winning pitcher. Fredrick Kelley hit the only home run of the game.

Brentham Named Rogers Asst. Coach

Rogers--Thursday night the Board of Education of the Rogers Public Schools approved the appointment of Jerry D. Brentham of Temple as assistant coach and history teacher in the Rogers Public Schools for 1963-64.

Brentham holds the B. S. Degree from Baylor University and is due to receive his master's degree from Baylor in August in physical education. Brentham is married and his wife is employed in Temple. The family has secured housing in Rogers and will move before the opening of school.

Mr. and Mrs. Brentham are both natives of Moody and finished public school there, where he participated in the various sports. He also ran track in Temple Junior College and established a fine record as a student, and as a leader.

This vacancy was created by the resignation of David Tilley who had been employed in May as assistant coach. He left to be first assistant coach in Mart.

Attorney Sepaks To Welfare Council

Attorney Barbara C. Jordan addressed a meeting of the Cameron Negro Welfare Council recently, challenging the Negro to exercise the power of the ballot.

In a meeting Sunday, June 23, Miss Jordan discussed the changed Negro who wants full American citizenship and privileges. She said to watch action more than words in exercising the voting privilege.

Rockdale To Host Mets Try - Out Camp This Week

Several hundred outstanding baseball players from all over Texas are expected to attend the New York Mets try-out camp at Rockdale beginning Thursday. (July4).

The camp will start at 9:45 a.m. and continued through Saturady night. Three full days of coaching, training and try-out sessions are planned, according to Red Murff, Met scout for Texas and Louisiana.

Murff will direct the camp,assisted by scouts Tom Bridges, Bill Dossey, W. H. Fatheree, Bill Bagwell and several high school coaches including Ernie Laurence of Rockdale.

"We'll be searching for major-league talent, and there will also be many college coaches present in search of ball players for their collegiate teams," Murff said.

Each camp entry should supply his own uniforn and equipment. American Legion players should have written permission to attend the camp and a letter signed by the Legion post commander, Murff added.

During the past two years, Rockdale has been the site of Houston Colt .45 try-out camps.

Green Announces Swim Classes; Also Livesaving Classes

Ray Green has announced that he will begin a new Swimming Class Monday July 15 at 10 a.m. and a Red Cross Lifesaving course the same day at 6:30 p.m.

Green said that the swim class was for beginners and advanced students.

The Water Safety Instructor told The Herald that the Lifesaving course would be open to good swimmers 14 years and older.

He said that if they completed the course they would be qualified Red Cross life-guards. Those from 14 to 16 years would get the Junior badge and the older ones would get the Senior badge.

Rosenburg Couple Die In Collision With Mo-Pac Train

A Missouri Pacific passenger train smashed into an auto driven by Oswald E. Zieshang of Rosenberg killing Zieshang and his wife. The accident occurred about 4:40 p.m. Sunday at the grade crossing of Farm Road 486 and the main track of the railroad.

Highway Patrolman Gilbert Smith told The Herald that the blinking signals were working, but Zieschag did not stop for the train.

The train caught the car broadside and carried it about a mile before coming to a stop.

Engineer of the train was listed as Hobson Green, 65, of Palestine.

Judge E. C. Hoppe pronounced both Zieshang, 68, and his wife, Dora, 58, dead at the scene.

Both bodies were taken to Condra Mortuary in Taylor.

The Zieschangs had relatives in Taylor, Thrall, and Thorndale areas and had been viviting them over the weekend.

McQueen, Greer Hired

Board Completes Coaching Staff At Meeting Wed.

Cameron completed its coaching staff last Wednesday night at a special school board meeting as they hired Bobby McQueen of Temple and Charles Nick Greer of Nacogdoches.

Coach Bobby McQueen

McQueen, 25, was hired as first assistant coach and Greer, also 25, was hired as an assistant and Head basketball coach.

Coach George Kirk said he was very pleased at the hiring of these two men and said they have about the same ideas on football tactics as he does.

McQueen was a coach at Temple for two years and was recently moved up to B Team coach before coming to Cameron. The 6'2", 205 pound former Temple high school star is married and has two sons.

He played half back and full back at Ragen Jr. High School in Temple and then played four sports in high school. He was a quarterback on the B Team and then switched to end and was a starter for two years. He was captain his senior year and was named all-district, All Cen-Tex and second team all-state his senior year.

At Tulsa University he started at right end his senior year and was an outstanding student and on the Dean's honor roll. He has a major in physical education and a minor in biology and social studies.

Greer is now attending Stephen F. Austin at Nacogdoches and is expected to complete studies next week. He is working on his masters.

He is married and has a boy, 14 months old. He played football basketball and ran track in high school. He graduated from Brownfield in 1955.

The 5'11", 185 pound coach then attended Paris Junior College and Stephen F. Austin College where he played basketball and football. He was a two year letterman at both. He also played two years of Army football.

He has a major in chemistry and a minor in math. He will teach math in Cameron.

Both coaches will move to Camas soon as they find housing.

By James Hollas

Football is already in the air and it is two full months before the first game.

TV has carried the East-West All American game, played last Saturday night.

The Yoe High Band, under Francis Cox, is hard at work preparing for the half time shows they will put on this year.

And now Cameron has a full coaching staff, and they are working over the equipment and supplies for the gridders.

Coach George Kirk was down several times during the past week as the school board hired his two new assistants.

Saturday he brought Bobby McQueen, his first assistant along with him for a check on equipment and to look for homes for the coahes.

McQueen is working with the Little League in Temple this year and will be busy most of the summer. But he said he will move to Cameron as soon as he finds a house. Then he will drive to Temple each night to handle the Little League duties.

Kirk said that the equipment at Yoe High was in good shape now and there is only a little more to be ordered. This came only after quick trips to Cameron each morning before his swim classes started at 10 a.m.

"Now we can start getting down to business and drawing the "x" and "o" and working out new plays," Kirk said.

Needless to say, the two hour game each Friday is just a small part of the coach's job.

-sh-

Reports thru the grapevine tell us that Coach C. T. (Sonny) Everett has accepted the Line Coach job at 2-A Haskell in North Texas.

He is stepping into some tough competition as this is the area with teams such as Winters, Stanford and Ballinger on the district schedule.

Everett returned his contract unsigned a couple weeks ago and just recently took the Haskell job.

-sh-

The big New York Mets try-out camp at Rockdale swings into full force today and a large crowd of young baseball players are expected to be at the camp.

Red Murff, who got his baseball start in Rockdale, will be in charge of the camp.

-sh-

And a football story.

A midwest high school coach charged out on the field in anger after his fleet half back was called in motion for the third time.

"Look," he yelled,"He's not in motion. He is just so fast and quick that he starts on the snap and the others are a little behind him."

But the red flags went up again and he stormed out in a rage. "Don't tell me you are going to call him in motion again," he shouted at the official nearest him.

"Nope," the refree told him. "We are just going to charge the rest of your team with delay of the game".

Mr. and Mrs. Wm. Dodds of Rockdale announce the engagement and approaching marriage of their daughter, Linda, to William A. Knipp, son of Mr. and Mrs. August Knipp of Cameron. The bride-elect is a graduate of Rockdale High School and is attending King's Daughters School of Nursing in Temple. Mr. Knipp is a graduate of Yoe High School, The Southwest School of Printing in Huntsville, and is employed at The Hearne Democrat.

MRS. RUDOLPH TEPERA

Hromcik Weds Rudolph Tepera

Miss Elizabeth Mary Hromcik of Burlington became the bride of Rudolph A. Tepera of Marak, June 15 in St. Michael's Catholic Church in Burlington.

Parents of the couple are Mr. and Mrs. Joe F. Hromcik of Burlington and Mr. and Mrs. Rudolph F. Tepera of Marak.

Rev. Author Nichalka performed the ceremony before an alter of white gladiolas, Mrs. James Bostick of Temple presented the wedding music.

Given in marriage by her father, the bride wore a floor length gown of French Imported silk organza over slipper satin. The bodice of the gown was fashioned with a Sabrina neckline trimmed with lace matching the rose appliques on her bouffant skirt. The long tapered sleeves that came to points over her hands were also trimmed in lace.

Her elbow length veil of nylon tulle fell from a crown of seed pearls fashioned to match the gown. Her bouquet was white cornations centered with a white orchid. Her only jewelry was a strand of pearls.

Miss Margaret Hromcik was maid of honor and Helen Kolar, Barbar Horelica and Margie Tepera were bridesmaids. Junior bridesmaids were Patsy Tepera and Joetta Mikulec. The attendents wore identical dresses of orchid silk organza over taffeta.

Steve Dohnalik was best man and Roy Wohleb, Frankie Dohnalik, Martin Mitcham, Edmond Tepera, and Richard Vaculin were groomsmen. Ushers were Daniel Hromcik and Joe F. Hromcik Jr.

A reception immediately following the ceremony was held at Burlington Parish Hall. Gloria Marak of Marak registered the guests. Supper was served to the guests at 3:30 followed by a dance at the Marak Country Bar.

The couple will make their home at 1100 W. Main in Cameron.

The bride graduated in 1961 from Yoe High School and is presently employed by the Southwestern Bell Telephone Company in Temple. The bridegroom is a 1956 graduate of Yoe High School and is employed by the Alcoa Aluminum Co. of America in Rockdale.

It's 'Town & Country' Time Soon....

Major effort is going into the first Milam Town & Country Fair which embarks on a two-day showing Friday and Saturday, July 12 - 13 in Cameron.

Early plans have been expanded to include special arts and crafts showings, auctions and history displays, to be among the display of National Guard missiles new autos and tractors, livestock, commercial displays and booths throughout the Mall and National Guard Armory area.

This is a major effort to introduce the county fair idea to Cameron and Milam County. It is not a new departure, but certainly an effort that should appeal to thousands of people around Central Texas who like to see a variety of displays in one place at one time.

This is another invitation from Cameron to the residents of Milam County that says: 'We're glad to see you! Won't you come and see what we have to present to you?"

Home demonstration club ladies from across Milam County will direct one of the features of the show: a food processing contest with 18 divisions of competition.

There will be a fiddlers contest, food consessions and many other attractions for the two-day show.

Our congratulations to the many people working to bring this first Town & Country Fair into a successful organization. Milam County will enjoy lending its support making the main attraction of mid-July the Town & Country Fair.

Milam Rates High In BIG Test

The improvements in Milam agriculture, according to the BIG figures, speak well for continuing to adapt the newest methods of agriculture.

Milam County enjoyed a $934,000 increase in 1962 over 1961, certainly a fine record of improvement in income in just one year.

Use of fertilizer has much to do with the improvements as well as the hard work of farmers and ranchers and the advantage of good weather.

Significant is the fact that 18 non-participating Blackland counties showed only about half the increase in dollar sales in agriculture as the test 18-county area, Milam included.

The BIG counties showed about a 7 per cent increase while the non-BIG counties showed about 3 per cent. So the increases can be attributed to greater application of new farming technics. The 18-county test areas are wide enough to prove valid the results of the new ways and means to farm and ranch.

We congratulate Milam agriculture families for their efforts and their contribution, which in final analysis, is to their greater welfare as well as a general improvement in the county agriculture economy.

Dateline Austin —

Fish To Market Roads A Problem

by--Vern Sanford

Texas Press Association

AUSTIN--Creation of many new lakes in Texas has resulted in a money problem for the State Highway Commission.

Commission Chairman Herb Petry Jr. of Carrizo Springs expounded on the situation when a Nacogdoches delegation headed by Carl Monk and County Judge F. L Harris came to Austin to ask for a farm-to-market road from Nacogdoches to McGee Bend Reserboir, now 59 percent complete.

Petry said cities and lakes are draining heavily on state road funds. He pointed out that the State Highway Department worked up a plan for access roads to McGee Bend in 1959. That work has been proceeding in cooperation with the surrounding counties. But there was no new Nacogdoches County road in the plan.

State Highway Engineer D. C. Greer stated that the farm-to-market road law specifically authorizes use of that money for building roads to recreation areas. Petry said some people call these fish-to-market roads.

PADRE'S DEED--Lawyers have drawn up the deed by which state-owned land in Laguna Madre will be transferred to the United States. This land is to become a part of the Padre Island National Seashore.

But deed can't be signed by the School Land Board until the law authorizing the transfer takes effect on August 23.

VACATION -- Gov. John Connally and his family took off for the family ranch at Floresville for a brief vacation.

So far his vacation has been interrupted twice for speeches in Austin and Dallas.

Connally also took along a pile of work to do. He has many appointments to state boards, commissions and courts to make. He gathered up a file of letters containing recommendations. These will help him decide whom to name to the two new Courts of Civil Appeals (at Corpus Christi and Tyler), to the new Parks & Wildlife Commission, and to many other state boards.

He also obtained an opinion from Atty. Gen. Waggoner Carr, saying that the six new justices he will name need not live in the districts at the time of their appointments. Only requirements is that they move into the district before they take oath of office.

RED REGISTER--Attorney General Carr is taking steps to force Texas' only known communist to register. But he has not decided where to bring suit.

A 1951 law requires any communist remaining in Texas as long as five days to register with the Department of Public Safety. No one has ever registered.

Two weeks ago, U. S. Atty. Gen. Robert Kennedy notified the man, a resident of San Antonio, to register within 20 days under a Federal registration law, or face prosecution.

Carr picked up the ball and decided to try to make him register under the unused state law, too.

LIQUOR FINES--People still keep violating the liquor laws.

Liquor Administrator Coke Stevenson Jr.reports that his agents filed 743 cases last month. There were 738 convictions with 28 jail terms, for violations, Fines came to $46,172 during the month .

The Lubbock district, mainly dry, was as usual the location of the largest number of cases among the 18 enforcement districts.

INSURANCE UP - Recommendations for higher auto insurance rates have been made to the State Board of Insurance, by insurance companies, and the Board's own staff.

Losses under current rates prompt a general statewide increase averaging 8.6 per cent. But there are variations.

Farmers and ranchers, who have chalked up a good non-accident record, will bet substantial cuts. They will range from 20 to 30 per cent, in various parts of the state.

City drivers will face higher rates for their public liability insurance. Statistics show that where there are more cars there are more acidents.

State is divided into 26 rating territories. Drivers living in safer areas will pay less for their insurance.

Board will announce its decision soon, and new rates will take effect on August 1.

SEWER AID--State Health Department has compiled a list of 37 cities awaited word that Congress has appropriated money to continue the federal-aid program for construction of sewage treatment facilities.

These cities have applied for $4,067,626 worth of grants to help them build $15,980,384 worth of projects.

Expected Texas allocation is about $3,200,000. So some will have to do without federal aid -- or wait for next year.

ETHICS -- Three representatives who piloted a tough code of ethics bill through the House of Representatives still are trying.

Reps. James E. Nugent of Kerrville, Robert C. Eckhardt of Houston and Travis Peeler of Corpus Christi presented are seeking help from the Attorney General in drafting a new version for the next session of the Legislature. Later on they hope to talk with Governor Connally about it.

Their bill zoomed through the House. But it was killed in the Senate.

It would prohibit state officials (and legislators(from having extensive business holdings in areas they regulate -- or legislate.

SWEDES CELEBRATE -- Some 1,300 Texans of Swedish descent gathered in Austin to observe the 125th anniversary of the arrival of the first Swede in Texas.

He was S. M. Swenson, who became quite a power in Texas affairs, and then brought hundreds of other Swedish immigrants to Texas.

Swenson family still operates a large ranch in Throckmorton and Jones Counties.

A program in two languages marked the observance.

CLERKS--Folks who keep the official records in the 254 courthouses of Texas had a convention in Austin.

County Clerk Val D. Huvar of Victoria County wound up as the new president of the County and District Clerks' Association of Texas.

Runnels County Clerk Frankie Berryman was named first vice president.

SALES UP--Retail sales in Texas improved a bit in May, after a slump in April.

May sales were 4 per cent above April and 1 per cent above May, 1962.

RAINS ON THE RANGE--Ranchers got some breaks in some parts of the state, reports the U. S. Department of Agriculture.

Summer range and pasture feed prospects continued on the upgrade in the northwest part of Texas. Prospects also were improved by rains in the central and southeastern parts of the state. There ranchers had been culling heards, and sales been heavy until the rains came.

BED-ROCK RULING -- Securities Commissioner William M. King issued an order prohibiting further sales of stock in the Roka-Bed Corporation of Lubbock.

Firm was organized to make children's furniture, including a baby bed which would rock baby to sleep when he cries.

Advertising said Roka-Bed had been tested on 5,000 babies. But promoters told investigators no such tests had been made.

Stock was sold to about 200 persons, mainly in he South Plains area.

H. H. Stedman of Hefley-Stedman Motor Co., prominent Cameron automobile dealer, has been appointed an Area Director of the Texas Automobile Dealers Association.

Announcement of the appointment was made by John H. Nash Jr. of Capitol Chevrolet in Austin. Nash is president of TADA.

TADA headquarters offices are located in Austin. Stedman will serve in his capacity as Area Director until the association's next annual convention to be held in Dallas in April of 1964.

OLD PHILOSOPHER

Philosopher Says Unrest In Country Running Far Deeper Than He Realized

Dear editar:

I knew there was unrest in all sections of the nation but I didn't know how deep and how far it had gone until I read a small item in a newspaper last night which a neighbor has wrapped some vegetables in he'd brought me, a favor I'll return if anything ever volunteers to grow in my garden. You can't tell, something might come up on its own.

According to it, a judge in some state, I forget which, fined a lawyer $100 for being 15 minutes late to court.

This is revolutionary. It strickes at the heart of the whole system of jurisprudence. Everything has exploded this summer.

I had thought that if there was any right imbedded in the American system which was completely beyond challenge and incapable of ever being changed, it was the right of a lawyer to never be ready when court opens.

I had thought that the Constitution itself set forth the fundamental principle of law that the more jurors and the more witnesses called on a given case and the more time the lawyers had to prepare, the more likely some lawyer is to argue he's not quite ready and the case should be held over till the next term of court or till next Monday at least or if he can't do any better till 2:30 this afternoon instead of this morning.

But for a judge to fly in the face of history and fine a lawyer $100 for being 15 minutes late in arriving at what likely could be a postponement any way, only indicates how deep-running the feeling of revolt and overthrow of customs has become. Enforced in all the courts of the land, it could help reduce the national debt.

I tell you, if President Kennedy hears of this, he'll be back at his desk after his European trip realizing this country is seething with more change than he had suspected.

You can fine a prospective juror if he's not sitting in court and sitting and sitting when the time comes to start a case, but the idea that all the lawyers should be ready is so un-heard-of and so contrary to tradition that it's practically preposterous.

Believe me, I'll be glad when this summer is over and things can level off.

Yours faithfully,

J. A.

IN 1901

From an Advertisement in The Herald:

"When Dr. Adams came to Cameron he promised to straighten 50 cases of cross eyes from this and adjoining counties free. Thirteen have been straightened. Call and have yours straightened before the 50 has been operated on."

"The baker for Brewer and Wallace was missing Monday and a thorough search of the city has failed to locate him. He was recently arrested on a felony charge and was out on a $700. bond, having some of Cameron's best citizens as his sureites. He is a first class baker. Last Saturday he seemed to be taking on too much booze and by Sunday he was pretty well 'bowled up'.

75th Anniversary

Alcoa Celebrates Founding Year

Aluminum Company of America is celebrating its 75th Anniversary this year, an event which will be observed by the company in many ways as the months of 1963 pass by some of the months which are important to Alcoa's early history are in July, August, September, and November.

The initial preliminary organizational meeting for the fledging was held July 31, 1888. At that time, Charles Martin Hall got the the backing he needed for developing his new electro-chemical process for reducing aluminum oxide to metallic aluminum. The men who made up the team backing Hall's revolutionary discovery were Captain Alfred E. Hunt and George H. Clapp.

On August 8 that same year Pittsburgh Reduction Company was formed with 200 shares of $100 par stock. About a month later, the Pittsburgh Reduction Company was incorporated as a corporation of Pennsylvania. Then, on Thanksgiving Day, November 29, 1888 the first metal was produced by this company which later became Alcoa - in 1907.

In the seven and one-half decades since, the industry which Alcoa founded and nurtured has grown to first among all nonferrous metals. The pioneering spirit with which the company was founded has prevailed. And from Alcoa Laboratories, the world's largest light metal research facilities, has come virtually every major development that has made aluminum the most versatile of all metals.

Alcoa's slogan during the 75th year anniversary is "This is Alcoa-Founder of an Industry, Leader of its Progress."

Church Planning Summer Camp Trip Near San Gabriel

ROGERS - For the youth of Rogers First Baptist Church, the week of July 8-12 is summer camp week at Highland Lakes Baptist Encampment. The Rev. Clyde Lee Herring, pastor, will be sponsor of the boys making the trip, and Mrs. Edwin A. Smith Jr. and Mrs. B. F. Harbour will have the girls.

Rev. Don Berry will be camp pastor, and the Rev. Charles Tope, former pastor of First Baptist Church, Belton, and now a missionary to Africa, will be the camp missionary. In addition to classes of Bible study and worship services, there will be recreation periods consisting of swimming, paddle boat rides, soft ball, shuffle board, table tennis, and other things.

Young people of the church from age 9 through 16 must register to be eligible to go by July 3, with church secretary, Rita Taylor.

Cameron Boys Find Antique At Ruins

A pilgrimage of the First Methodist Church Bible School Juniors Friday unearthed an antique candle-stick on the grounds of the old Salado College.

Kermit Smith and Monte Humble exploring the ruins of the historic college, discovered the amber colored American pressed-glass candlestick partially buried in the ground. Evidently ground conditions had perfectly preserved the blackened candle as well as the candlestick.

The boys, son of Dr. and Mrs. E. O. Smith and Judge and Mrs. Don Humble contributed their find to the Central Texas Museum in Saldo where it will be displayed with other historic treasurers contributed by Central Texas Families.

PO Dept. To Issue Sam Houston Stamp

Sen. Ralph W. Yarborough (D. Tex.) announced today that the Post Office Department would issue a commemorative postage stamp honoring Sam Houston, the soldier whose deeds are written boldly in Texas history.

Houston was first president of the Republic of Texas after he had commanded the Texan army in the battle for independence from Mexico.

The 5-cent Houston stamp is one of only four commemoratives honoring men that will be issued this year. Others being honored are Montgomery Blair, Postmaster General under Lincoln; Cordell Hull, Roosevelt's Secretary of State; and John Muir, the naturalist.

Sam Houston is amoung the most colorful men that a colorful era produced.

Mrs. Clayton Baker and children and Mr. and Mrs. Cue Baird and three children of Wichita Falls spent the week with their parents Mr. and Mrs. Kennard Conner.

Mrs. Douglas Pruett from Houston and Mrs. Ruby Ray Flowers from Baytown visited their parents Mr. and Mrs. Hinton Pruett last week.

Mr. and Mrs. Fred Vavra from Houston spent the week-end with parents Mr. and Mrs. Will Biskups.

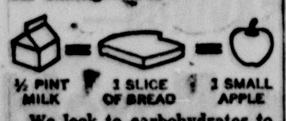
Food Sense ◻ Not Nonsense

What Makes Johnny Skitter

Getting off the ground is no problem for members of the skittering set. Parents gasp, "Where does Johnny get his energy?" One answer is carbohydrates from foods: From milk, breads and other cereal foods, from fruits and vegetables, too. These have been sources of energy for both children and adults since the time Eve gave Adam his first apple.

Best known carbohydrates are starches and sugars . . . our cheapest and only sources of quick energy. When we short carbohydrates in the food we eat, the body's machinery launches a rescuing operation by breaking down fat and protein to fill the energy breach.

Equal in carbohydrate value, for example, are:



½ PINT MILK — 1 SLICE OF BREAD — 1 SMALL APPLE

We look to carbohydrates to supply ready-to-go energy, the kind that makes us feel like getting to the bus on time, playing basketball, or hanging out clothes. Athletes and those who must work at peak performance over long periods of time find in carbohydrates the most satisfactory and enduring sources of energy.

We look to certain carbohydrates—the complex starch kind in bread, cereals, fruits and vegetables — to lower the levels of a fatty substance in the blood, called cholesterol, which is implicated in coronary heart disease.

Not only do complex carbohydrates supply skittering power and help drop a lid on cholesterol in the blood, they promote a healthy digestive tract . . . play a part in manufacturing the minute building blocks of our bodies called amino acids . . . make the proteins in food more usable.

Anderle Lumber Company

Outdoors In Texas

Next season's quail crop is determined to a great extent, by the amount of work done early in the spring to provide adequate plant cover and fe-'s.

So says Edward L. Kozily, director of conservation for the Nilo Farms.

Nilo farms are in Illinois. But the thing that makes his statement news in Texas, is that Koziky was talking in Texas.

Koziky recently was on the program of the American Game Breeders Association in Dallas. This association is composed of the producers of birds, such as quail and pheasant, mostly for shooting

Naturally a shooting resort must have good cover for the birds that are to be released in advance of the hunters.

Good cover also is important to the landowners who has a few flocks of birds on his place. This is true regardless of whether he lives in East Texas or West Texas.

Quite a number of youth groups have been building cover areas during the past year. Most of them are working with Joe Davidson, who directs the current program for the Texas Game and Fish Commission.

"Proper cover can spell the difference between financial success or failure of a preserve and can add immeasureably to the overall quality of field shooting," Koziky told the Dallas meeting.

This local conservice agent would be sought for technical adconservation pratices. A soil classification and land quality map is a must. The local county extension specialist can be of immense assistance in advising you of plants best adapted for a particular area or purpose. Also, the farm crop specialist at the state agricultural college or university may provide the answer to many difficult problems," said Koziky.

What he told the professional game breeders also might be applied to landowners in every part of state, and to local sprtsmen's units.

In these changing times, however, when sportsmen are learning of hunting on land belonging to others, the landowner's attitude is changing. He sees a profit, so he is willing to do something about it.

During the past season there probably were more gates opened with $5 bills for a key than at any other time in Texas history. The number will increase this year.

Generally this is the fee for day hunting of quail in Texas. In some areas it is slightly more; some, less. A few shooting resorts are building up season fees. Such fees cover not only a bag of birds from the resort, but also native birds in nearby pastures and fields.

In a number of places small groups have gotten together to supply the landowner with proper cover plants and to pay for hatchery-raised quail for planting.

These groups can get information from the Game and Fish Commission in Austin, or from local ame wardens and biologists. Trained personnel will be a great help to developing many areas for future bird hunting.

Many landowners, particularly in the North Plains where millions of arces of land have been turned under, are planting cover plots with protective fenses around them.

Birds are released around these plots where cover, food and water are available. As a result when weather conditions are not too unfavorable there is a bird crop in the fall.

A fine example of planting these plots is on the King Ranch, south of Kingsville. Here certain acreage has been made available to bird dog clubs.

Generally, the entire area is excellent habitat, but additional work has been done. There are numerous plots on the ranch where fences keep livestock out. Behind these fences cover and food are protected. As a result the area is very productive of birds, again subject to weather conditions.

If you want to hunt birds this fall, you might consider some of these practices. If they are good enought for resort owners who are members of the North American Game Breeders & Shooting Preserve Association, they might be good enough for others, too.

Mr. and Mrs. G. F. Dunston have gone to Missouri on business and on their return trip they will stop by the Ozarks for a short vacation.

Mr. and Mrs. A. L. Jistel has as guests in their home Mrs. Joe C. Brosman of Schulenburg, sister of Mrs Jistel, and her niece, and Mrs. William Shaffer and family of Virginia.

A New Way With Fish Sticks

It may be difficult to say "Fish Stick Toastwiches" all in one breath, but it will be ever so easy to make them . . . and even easier to eat them. For a meatless luncheon or supper menu we suggest Birds Eye Fish Sticks, rolled in slices of bread and baked to toasty crispness, served with a bowl of piping hot cream of tomato soup and perhaps a fresh green salad.

Fish Stick Toastwiches

1 package (8 ounces) frozen pre-cooked fish sticks
10 thin slices bread (white, whole wheat, or rye)
Melted butter
Relishes and seasonings*

Separate frozen fish sticks. Cut crusts from bread. For easier handling, roll bread with a rolling pin. Brush both sides of bread with melted butter; spread one side with relish. Place fish sticks on relish (diagonally across bread) and wrap bread around the fish, fastening corners with toothpicks. Place on a baking sheet in hot oven (425°F.) and heat thoroughly until fish sticks are crisp and bread is toasted—about 12 minutes. Serve plain or with tartare sauce; or serve topped with tomato, cheese, or egg sauce. Makes 5 servings.

* Use mustard, catsup, chili sauce, sandwich spread, India relish, pickle relish, horse radish, grated Cheddar cheese, or chopped sweet onion, or any combination of these or other condiments.

IT'S THE REACH THAT COUNTS
"FORGETTING WHAT IS BEHIND ME, AND REACHING OUT FOR THAT WHICH LIES AHEAD, I PRESS TOWARDS THE GOAL TO WIN THE PRIZE WHICH IS GOD'S CALL TO THE LIFE ABOVE, IN CHRIST JESUS"
—PHIL. 4:13,14 (NEW ENG. BIBLE)

Are you, too, reaching onward and upward? Do you reach for spiritual values? Or, have you forgotten these so that your reach has become mainly for material things?
Material values, some of which are necessary, last only a short time. Spiritual values are eternal.
Material values can make one poor. Spiritual values always enrich, even in the midst of material poverty.
Remember, "It's the reach that counts."
